

FRAUDULENT CITIZEN

United States Secret Service Men
Make Many Arrests.

MAKE RAIDS FOR 24 HOURS

San Francisco the Center of a Bold and
Defiant Ring Which Has Operated
There For the Past Eleven Months
Making Fraudulent Citizens.

San Francisco, July 14.—Two secret service agents, aided by the United States marshal's force, made raids for 24 hours the last of which ended today at four o'clock in the arrest for felony of six water front men and the surrender voluntarily of a score of fraudulent citizenship papers and marine licenses. Special Treasury Agent Richard H. Taylor led the raids, which are being continued tonight.

Among those now held in default of heavy bonds are Frank Johnson, janitor of the Ferry building, Gustav Holmgren a saloon keeper, Herman von Busse, a petty officer on the American-Hawaiian steamer Nevada; Paul Ruppman, master at arms on the revenue cutter Thetis, William Ahlstrand, proprietor of the Victoria Hotel; Ernest Groessler, a saloon keeper, and Frank A. Wirtsen, the latter being detained as a state witness.

Naturalization frauds at this port have been flagrant beyond belief, according to the United States authorities and within the past eleven months the operation of a bold and defiant ring have stocked the courtrooms with the names of men in no wise entitled to American citizenship. The detection of these frauds was brought about by the fact that in nearly every case the fraud was carried on and into the office of the local inspectors of hulls and boilers where the false papers were presented as prima facie evidence of a right to a license as master mariner.

Verdict "Not Guilty"

Chicago, July 14.—A verdict of not guilty was announced today in the su-

perior court in the case of President Albert G. Wheeler, of the Illinois Tunnel company and several former municipal officials on trial for the alleged alteration of public records.

HAMLET PLAYED.

Shakespearean Production by Snell-Aldridge Company at Opera House.

Alfred Aldridge is deserving of much Booth of Hawthorn or of Mansfield which has required the best efforts of Booth, of Hawthorn, or of Mansfield. Everything considered, the libretto factory excepting a few sentences, was belittled for staging the piece, the play and the support, the performance was really good. Mr. Aldridge's portrayal of the melancholy Swede showed that he has given the part conscientious study, he knew his lines and his delivery excepting a few instances, was beyond criticism. At times he was inclined to rant, but in his best work, Hamlet's encounter with the ghost of his father; those splendid lines in which he conceives the play as a means of learning the guilt of Claudius, the soliloquy and the two stirring scenes of the last act, Mr. Aldridge eliminated this. Miss Snell, as Ophelia, was good. Nicholas Cogley, as Polonius, the father of Ophelia and Laertes easily shared honors with Mr. Aldridge although he should be a little more careful with his makeup. Harriet Jocelyn as the queen made the best of her part. Leo C. Bell Booth, of Hawthorn or of Mansfield should bear in mind that the constant arching of the eyebrows and a voice from the depths are hardly essential to the successful portrayal of his roles. It might be a wise move for the Snell-Aldridge company to confine their efforts to problem plays and melodramatic productions until Mr. Aldridge may be tendered proper support. In the production of Hamlet he proved so great a star, his company lapsed into mediocrity.

Going to Exposition.

J. C. McIntosh and wife, of Tillamook, arrived on the Elmore and will go to Portland today to take in the Lewis and Clark fair. Mr. McIntosh is a prominent cheese manufacturer of that county, having a large number of factories. He is accompanied by his brother-in-law, R. M. Mitchell and wife of North Dakota, who are visiting the coast. Mr. Mitchell is greatly pleased with this country and may make his home here at a future date.

IMMIGRANT STATION

To Be Modeled After One at Ellis
Island New York.

SAN FRANCISCO GETS PLUM

Will Be Located on Angel Island and
Occupy Ten Acres of Ground. Site
Was Selected Yesterday and Will Be
Ideal Location.

San Francisco, July 14.—Modeled after the plans of the big immigrant station on Ellis Island in New York harbor, San Francisco is to have a detention station that will be adequate in equipment to accommodate the large volume of immigration coming to this port.

The station is to be built on Angel island, land for the purpose having been already set aside.

The site selected for the erection of the station is on the northeast coast of Angel island, and embraces ten acres of land facing a small bay, commonly known as China cove. This selection was made yesterday by F. P. Sargent, commissioner general of the immigration, of Washington, D. C.; Commissioner Hart North, of the local bureau; William Hamilton, deputy collector of customs, and Mr. Lott, of the department of Geology, of Washington, D. C.

Columbia Sails Tomorrow.

Steamer Columbia will leave out tomorrow for San Francisco. Never in the history of Coast traffic has the steamer carried so full a passenger list. Reports from the offices of the O. R. & N. company are to the effect that a great many people were turned away for lack of accommodations. The Columbia will carry a heavy cargo.

Makes No Trip.

O. R. & N. company's steamer did not make the run to this city yesterday in so far as she was pressed into service to conduct a large party of American Medical association members from Portland to the Cascade locks. She will resume the run today.

Will Be Oil Burner.

Steamer Sampson is being converted into an oil burner without being taken from her duties of towing barges from the quarry to the jetty at the mouth of the river. It is expected that within a few days she will have entirely abolished the use of coal.

Atlas Due.

Oil tank steamer Atlas is expected in a few days from San Francisco. She will discharge part of her cargo in the tanks of the Standard Oil company here and will then proceed to Portland.

Leaves Out Today.

Gasoline schooner Gerald C. will leave out today for Nestucca and Siletz carrying a full cargo.

Steamer W. H. Kruger, Captain Martin, left out yesterday for San Francisco carrying a cargo of lumber from Vancouver, Wash.

Steamer Newport, Captain Snyder, arrived in yesterday from Coos Bay, Coquille and other coast points carrying a cargo of general merchandise and a few passengers.

Clearances.

July 14.—Kruger, W. H., steamer, Martin, master, for San Francisco.

July 14.—South Bay, steamer, Andersen, master, for San Pedro.

Entry.

July 14.—Newport, steamer, Snyder, master, from Coquille and coast points.

Steamer Sue H. Elmore arrived in yesterday from Tillamook carrying a full freight and passenger list.

Steamer Cascades arrived in yesterday from San Francisco with a full freight and passenger list.

Trains Delayed.

Through the dropping of a crown sheet on the engine of Northern Pacific train No. 14 last night all traffic was hung up on the lines between Goble and Portland. The break occurred while the train was half way between Linnton and Holbrook. Northern Pacific traffic generally was demoralized, both east and west trains being delayed. The A. & C. R. R. train due here at 10:30 P. M. last night, arrived an hour and twenty minutes off schedule.

Successful Musical.

The musical at the Congregational church last night, while the attendance was not so good, is considered a success. There was not a number on the program that did not call for a hearty burst of applause. The program opened with a piano solo by Miss Campbell which was well received. The vocal solos of Mrs. Babbidge, Mrs. Watkins and Mr. Watkins were worthy of especial mention. A double quartet from the Sunset chorus rendered one or two splendid selections. Children were encouraged to assist in the musical and acquitted themselves excellently.

Salmon Run Small.

The run yesterday was small and likewise in the size of the fish. Up to noon today the canneries had received but limited supplies of salmon and canning was not commenced until afternoon. From casual observation it would seem that few of the fish tipped the scales over fourteen pounds although a few twenty or twenty-five-pound stragglers could be noticed.

HOTEL ARRIVALS.

At prices less than you can make them for. They must go before our fall goods arrive.

NATURE TELLS YOU.

As Many an Astorian Reader Knows
Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills. Doan's Kidney Pills cure all kidney ills.

E. E. Miner, stone mason, of 432 East Taylor street, Portland Ore., says: "I would never hesitate to recommend Doan's Kidney Pills. This remedy did so much for me that I wish every other sufferer from kidney trouble might know of it. I was subject to attacks of kidney complaint for eight or nine years. There was continual irregularity of the kidney secretions which showed a sediment like brick dust and passages were accompanied with the sensation of scalding. My back ached continually and was always worse if my work brought any strain on the back. I tried different remedies recommended for this trouble but found little or no benefit. At length I saw Doan's Kidney Pills advertised and got a box. They stopped the backache and healed the kidneys so that the secretions were rendered normal. I have induced several other people to try Doan's Kidney Pills and know of many instances in which they have done the same satisfactory work."

Plenty more proof like this from Astoria people. Call at Chas. Rogers' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Bright Sayings by
Wee Boys and Girls

MAMMA (angrily)—Johnny, how many times have I told you to stop that noise?

Johnny (after a pause)—Seven, mamma.

Father (looking at school report)—Who is the best writer in your class, Bobby?

Bobby—Willie Jones. All the boys in the class get him to write their excuses.

Little Margie (who has company)—We've been playing school, mamma. Mamma—Indeed? And did you behave nicely?

Little Margie—Oh, I didn't have to behave. I was teacher. — Chicago News.

A little maid who had not yet reached her third birthday was one day recounting to her mother the many accomplishments of her adored cousin, Margery, who looked down on life from the exalted height of eight summers.

"Just think, mamma! Margery can dress herself and button her own shoes and brush her own hair and button little Edna's clothes and hold tiny baby and put on her own wubbers and coat and hood, and—and" (crying about for still greater marvels) "maybe she can even spank herself and save her mamma the trouble!" — Lippincott's Magazine.

Didn't Know "the Uncle."

Aunt Jane—I guess Mr. Spender must be a very neat person. Edith—And what leads you to that opinion? Aunt Jane—He told your Uncle George all his clothes but those upon his back were hung up. Some men, you know, throw their things round anywhere.— Boston Transcript.

A Nice Distinction.

Medium—Do you wish to see your departed husband's spirits? Mrs. Whiffetree—No; I want to see his ghost. Josh never had no spirit.—Puck.

Every time a man smiles—and, much more, when he laughs—it adds something to his fragment of life.—Starna.
